POOJA GAUD

Full Stack Developer | Java · PHP · Android · MySQL

Mumbai, Maharashtra | +91 9967378987 | gaudpooja818@gmail.com | LinkedIn | GitHub

PROFESSIONAL SUMMARY

Entry-level Full Stack Developer with hands-on industry experience building PHP web applications and Android apps. Currently contributing to live production systems at BINBAY Recycling Pvt. Ltd., delivering measurable gains in query performance and operational efficiency. Strong grasp of OOP, DSA, and REST API integration; passionate about writing clean, maintainable code.

EXPERIENCE

BINBAY Recycling Pvt. Ltd., Mumbai *July 2025 – Present*

Full Stack Developer

- Built and deployed PHP-based web applications, reducing manual workload by 30% and improving team operational efficiency.
- Engineered secure backend logic covering form validation, database operations, and third-party API integrations, ensuring data integrity across all workflows.
- Optimized MySQL schema and queries for high-volume data processing, achieving 40% faster query response times.
- Delivered responsive, cross-browser-compatible UIs, improving usability across desktop and mobile platforms.
- Collaborated with cross-functional teams to streamline workflows, reduce technical debt, and ship features on schedule.

PROJECTS

College Event Management System | GitHub

Android app streamlining campus event registration, volunteer tracking, and digital receipt generation for organisers and admins.

- Implemented three role-based access levels (User, Organiser, Admin) with real-time Firebase notifications and PDF report generation.
- Integrated Firebase Authentication, Realtime Database, and third-party APIs, enabling end-to-end event lifecycle management.
- Designed an intuitive UI that eliminated manual paperwork, reducing organiser overhead significantly.
- Stack: Java, XML, JSON, JSP, HTML, CSS, Firebase SDK, MySQL

Personal Portfolio Website | GitHub

- Developed and deployed a responsive personal portfolio showcasing projects, skills, and contact information.
- Vrinda Wellness — Full-Stack E-Commerce Pharmacy Platform hosted (Currently working on) `https://vrinda.online`
